Boom Now We Have Color!

BOOM now we have color! This weather has us hopping like gangbusters!

It's 85 degrees and this morning I harvested sunflowers that weren't supposed to bloom for another two weeks! Although this means there will be a delay in sunflower blooms soon I can't help but be thankful for two things...irrigation and refrigeration!

Over the last 12 days we've harvested 909 stems from our gardens. I'm blown away how the weather has impacted flower growth! And if you are like me you are wondering just how long this heat wave will last. In the meantime you'll find me harvesting and watering every day!

HOUSEKEEPING:

- Will not be at Friday Flings after all this year as we have weddings on the books for flower arrangement creation.
- New to our bouquets this summer is "Winter Rye", courtesy of VanderWeele Farms.

- We are at Monday Markets until frost now and you can order bouquets for delivery as well at 907-232-4580. The large Misty Mama is \$45 and the small Jenna Benna is \$30...
- We also have a new size of bouquet... THE GLEN, named after my husband. This XL bouquet is a tall arrangement loaded with an assortment of Dahlia and Sweetpea blooms artfully arranged. It's our how mad is she bouquet for \$110.
- AND....both Farm Tours are SOLD OUT for 2016 to get on next year's list please let me know either on facebook or **by texting or calling 907-232-4580.**

Thank you all for helping our small flower farm be such a success!

And as always we look forward to doing more flower business with you in the very near future.

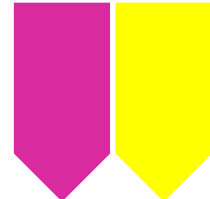

"Remember Dahlias bring meaningful blessings and messages of eternal grace. It's the symbol of inner strength creativity and stand strong in your sacred values. Dahlias activate emotional resiliency and stamina especially during extreme emotional stress."

Hello my name is
Misty VanderWeele,

I'm so excited you
stopped in for a read.

I've grown Dahlias for
nearly 20 years and
founded All Dahlia'd
Up the summer of
2014. July has
brought us lots of
great weather with
temps in the 80's by
the late after noon.
Lets just say the
flowers are LOVING
IT!
